# Minutes of Meeting – Client Interaction and Milestone 5 Progress Review

## Meeting Information

Objective: To show the test cases and progress of Milestone 5. Discuss team contributions, and receive client suggestions for further improvements and next steps.

Date: 26/07/2025

Time: 6:30 PM – 6:50 PM

Prepared By: Parveen, Akash

Attendees: Arjita Singh Kushwaha, Jyoti Singh, Shruti Kumari, Parveen, Anand Ratna Maurya, Akash Tyagi, Shalini Chaudhary

## Agenda Item

| # | Agenda Item | Presenter | Time Allotted |
|---|---|---|---|
| 1 | Presentation of test cases using PyTest | Arjita Singh Kushwaha | 5 minutes |
| 2 | Documentation walk-through of Milestone 5 | Arjita Singh Kushwaha | 5 minutes |
| 3 | Application integration demo & module walkthrough | Team | 10 minutes |
| 4 | feedback and discussion | Rajat Goel | 5 minutes |

## Decisions and Discussions

- Arjita shared test cases built using PyTest, as part of Milestone 5 requirements.
- Milestone 5 documentation related to testing was presented and reviewed.
- The team demonstrated partial application integration, walking the client through different functional modules.
- Client reviewed the full document and provided valuable feedback, particularly emphasizing:
  - Proper validation checks on AI agent inputs.
  - The mood evaluation module sometimes gives contradictory outputs; team should review logic and consider tuning the frontend display accordingly.

- Key suggestions by the client:
  - Improve the LLM-based story generation feature.
  - Refine the mood classification agent for better accuracy and reliability.

## Action Items

| Action Item | Responsible | Due Date |
| --- | --- | --- |
| Finalize and run complete Milestone 5 test suite | Shruti | Before next client meeting |
| Improve LLM component for story generation | Shalini, Parveen | Ongoing |
| Enhance mood classification agent | Anand, Shalini, Parveen | Ongoing |
| Prepare for full application demo with integrated modules | Entire Team | Before next client meeting |

## Other Notes & Information

- The next client meeting is scheduled for **Monday, 4th August 2025 at 6:30 PM** .
- Client appreciates the effort and innovation shown in the AI & LLM integration.
- Emphasis was placed on maintaining quality and careful handling of AI output.
- Team advised to stay aligned with the milestone timeline and actively communicate any blockers.
